

Daily Guided Walks with the Jeju Olle Academy(FREE)

A guided walk is a chance to enjoy a really local day on Jeju at a slow pace with other walkers and a guide who has graduated from Jeiu Olle Academy. The walks are about exploring the footpaths, villages, hills, and sites of the island, but also about having a conversation and sharing the day with the walkers next to you. It is a chance to do something that very few international tourists or visitors actually do. Everyone is a volunteer and the walks are free.

How to sign up?

Check out the monthly schedule on Jeju Olle Official English Guide(jejuolletrailguide.net) and register by e-mail(jejuolle@jejuolle.org).

What time? How long?

Guided walks start at 9:30am every morning. Officially the guides only have to volunteer for 3 hours in a day. However the guided walks almost always finish the whole route. You can finish halfway of course but we do recommend you finish the day. It can be very difficult to leave the walk in the middle.

Free of charge, really?

Yes, all walks are free of charge. However participants will be expected to pay for their own lunch and transport to the start point and after finishing.

I cannot speak Korean, is that ok?

The daily walks are in the Korean language only unless otherwise noted. However, many guides do speak some English. Other walkers are usually always happy to try and speak English with international participants. Isn't that part of the fun of travel? It will be an extremely memorable experience

Signpost for Jeju Olle Trail

Jeju Olle Trail is where a traveler walks freely by following a signpost. There are Ganse, arrow and ribbon to guide you the right away. If you don't find a signpost or feel like you've come a wrong way, go back to the last point of signpost and look carefully to find the right way. Pay attention to the signpost at a forked road.

Ganse is the name of Jeiu's pony. The word comes rom Ganse-dari, meaning slow idler in Jeju. Ganse points toward the direction of the route at

Blue and orange ribbons are tied to a tree. These are placed on a rocky mountain path, where it is difficult to place an arrow. Ribbons are hung at height, above the eve level. You can find them asily, even from afar, on a windy day, so look further than closer, when checking the course.

Jeju Olle Trail is a series of walking routes on Jeju Island, 130km off the southwest coast of Korea. This beautiful UNESCO World Heritage Site is almost sub-tropical in climate, its scenery passing from windswept coastline, through countless tangerine groves crisscrossed by distinctive stone walls, and up to the 1,950 meter peak of Halla-san(mountain). The best way to travel Jeju Island is to hike Jeju Olle Trail as it affords any hikers experiences often missed with the speed a vehicle brings. Jeju Olle Trails consists of 21 main routes that loop the islands's coastal region. There are 5 sub routes that take in Jeju's interior or smaller neighboring islands. Together the 26 routes stretch 425km in total. Each route has its own unique charms. By hiking the trail it is possible to appreciate the many views and cultural variety of Jeju Island.

Jeju Olle Foundation is a non-profit organization which develops and maintains Jeju Olle Trail. Local residents, volunteers and donors provide allround support in operation and maintenance.
